GYNAECOLOGY SURGERY
AND HANDS-ON ANIMAL
WORKSHOP

26 July 2018, Thursday

ANIMAL HANDS-ON & WORKSHOP

NOCERAL BUILDING 2ND FLOOR,
FACULTY OF MEDICINE,
UNIVERSITY OF MALAYA.

Course Description

The Gynaecological Endoscopic Society of Malaysia (GESM) in its 3rd year of existence has proven to be growing in strength and influence. This “toddler” has stayed true to its primary aim of being the official representative body for Malaysian gynaecologists with special interest in MIGS. An affiliation to the renowned Asia Pacific Association of Gynecological Endoscopists and Minimal Invasive Therapy (APAGE) society further pronounces the growing influence and quest for cooperation between national and international societies.

This year, we celebrate the first collaboration between GESM and the Obstetrical and Gynaecological Society of Malaysia (OGSM). OGSM being the “mother” society for OBGYNs in the country has had an amazing track record of myriad of activities, scientific meetings and congresses of international standards.

This collaboration, we guarantee will excite the OBGYN community of the country; and the gyne-endoscopic community specifically as we bring you the best of what’s available from all the various experts in the country.

We invite APAGE to this symposium as our co-collaborators who provide the continuous support and encouragement to brazenly move forward together; advancing the field of Minimally Invasive Gynaecology. We also thank University of Malaya for collaborating with us and congratulate them for the successful running of their Regional APAGE-UM Animal Workshop, which provides us with the hands-on element and surgical tutorials which further makes this symposium a unique one!

Target Audience

O&G physicians, surgeons, fellows, residents, postgraduate students, endoscopic operating theatre staff.

Programme Objective

The Symposium will deliver a systematic and comprehensive overview of Minimally Invasive Gynaecology Surgery from leading experts in the field. The animal workshop coursework will focus on practical skills that will help surgeons become more efficient and safe, including advanced surgical strategies to tackle more difficult cases without conversion.

Certification

Certificate of Attendance and CPD accreditation

Each participant will be given a Certificate of Attendance.

CPD Point: Doctors: MMA-CPD/CME = 10 point
NSR = 10 point

Nurses: Lembaga Jururawat Malaysia = 10 points

Registration Fee

2 day course: Wednesday & Thursday, 25 & 26 July 2018

Symposium, Animal Lab (limited seats) & Surgical Tutorial	RM1800.00
O&G Trainees (limited seats)	RM850.00
International Delegates	USD1000.00
ASEAN Delegates	USD 500.00

Symposium & Surgical Tutorials	RM900.00
Symposium (specialists)	RM400.00
Symposium (trainees)	RM300.00
Nurses/ Paramedics	RM250.00

Registration is not complete unless accompanied by the appropriate registration fee
